Annexure 2.1- How to create Login IDs at different hierarchies

a. SRLM allocates the block to the PIA for which DPR is to be made
b. Once a block is assigned to PIA by the SRLM, DMMU and BMMU hierarchies for the block are generated automatically in the system.
c. PIA creates a mentor login id, activates the mentor id, and assigns the mentor to the block.
d. Under the BMMU, BRC login is simultaneously created by the District/Block Officials
