FIELD FACILITATOR'S GUIDE

Annexures : 6 - 10

6.1	Session Notes on Phasing plan preparation	
6.2	Template to prepare Joint Action Plan	
6.3	Steps to be followed in BRC to conduct Skill training	
6.4	Format for Viability Study	
6.5	Format for Business Plan Preparation	
6.6	Facilitation process for availing bank loans	
6.7	Start up support activities to be done	
6.8	Registration process on Udyam Adhaar	
6.9	Steps for FSSAI Registration	
6.10	Market development process	

Annexure 6.1: Session Notes on Phasing Plan Preparation

What is a Phasing Plan?

A phasing plan is a step-by-step coverage plan for a block, which depicts how the ME development activities will be initiated in each CBO in a period (quarterly or annually), based on the targets as per DPR.

Objectives:

- To prioritize and select CBOs with strong community network in each block
- To derive a focused coverage plan for CRPs-EP group in CBOs under SVEP, keeping in mind the momentum of targets under the project
- To plan and foresee preparations required in a block to strengthen CBO for SVEP

How to make a phasing plan

Preparation of phasing plan is a block level participatory exercise wherein Block SRLM staff (BPM-SVEP, BPM, BM, Area/Cluster Coordinator) are engaged in its preparation alongwith CLF members, CRPs-EP, and Mentor-RP. Following steps shall be followed in preparation of the phasing plan:

- Selection of CLFs for first year
- Selection of VOs
- Finalization of VOs
- Month-wise distribution of VOs in a year
- Month-wise plan for ME development for CRPs-EP
- Briefing of CRPs-EP

A one-day workshop shall be organized at the Block for the preparation of the phasing plan.

Preparation before Phasing plan workshop

- 1. Orientation of Block SRLM staff (BPM-SVEP, BPM, BM, Area/ Cluster Coordinators) on phasing plan, its objectives, information to be collected and support required from them
- 2. BPM-SVEP shall collect the information from all the clusters in the following format:

S.No	Parameter	Information
1	Maturity of CLF (minimum 1 year old)	(Yes/No)
2	No. of VOs with maturity of 3 yrs	(Number)
3	No. of SHG's having Bank Linkages	(Number)
4	Amount of CIF disbursed to VOS's	(in lakhs)

5	Transportation Facility available from Block to Cluster	Good/Average/Poor
6	Transportation Facility available within clusters	Good/Average/Poor

Table I: Parameters for Selecting CLF Timeline: The above activity shall be completed by TED2

Preparation of Phasing Plan

Based on the information collected from each cluster, the Block team shall discuss, prioritize and select the number of CLFs to be covered in the first year. Looking at the size of the block and concentration of VOs, Block team may collectively decide on number of CLFs (one or two) to be selected in first year.

With finalization of CLF names, Block team shall prepare a list of number of VOs to be taken in the selected clusters for first year as per the following information:

S.No	List the name of VO having Maturit y of minimu m 3 years	CLF mem bersh ip (Yes/ No)	Name of Village	Name of Gram Pancha yat	Total Numb er of SHG having memb ership with VO	No. of SHG's having Bank Linkag es	Total Amount of CIF disburs ed to SHG	Selected/Rej ected
1	Name of VO	Yes/N o	Name of Village	Name of GP	Numb er	Numb er	Amount in lakhs	Selected/ Rejected
2	Name of VO	Yes/N o	Name of Village	Name of GP	Numb er	Numb er	Amount in lakhs	Selected/Rej ected

Table II: Parameters to Select VOs

During the capacity building of CRPs-EP under the project, they are expected to test their classroom knowledge with some practical experience of enterprise promotion. With the preparation of the phasing plan, CRPs-EP will be able to intervene in VOs as selected here.

From here, the preparation of phasing plan will be further divided into two intervals: 1) Phasing plan during capacity building of CRPs-EP 2) Phasing plan post-capacity building of CRPs-EP

1) Phasing Plan during CB of CRPs-EP

Based on the above list, the Block team shall prepare a list of VOs to be covered during capacity building of CRPs-EP.

S.N o	List the name of VO having Maturi ty of minim um 3 years	CLF mem bers hip (Yes/ No)	Name of Village	Name of Gram Panch ayat	Total Numb er of SHG having memb ership with VO	No. of SHG's havin g Bank Linka ges	Total Amount of CIF disburs ed to SHG	Proximit y to CLF headqua rter (within a radius of 8 km)	Selecte d/Reject ed
1	Name of VO	Yes/ No	Name of Village	Name of GP	Numbe r	Numb er	Amount in lakhs	Yes/No	Selected / Rejected
2	Name of VO	Yes/ No	Name of Village	Name of GP	Numbe r	Numb er	Amount in lakhs	Yes/No	Selected /Rejecte d
3	Name of VO	Yes/ No	Name of Village	Name of GP	Numbe r	Numb er	Amount in lakhs	Yes/No	Selecte d/Rejec ted

Table III: List of VOs for Phasing Plan during capacity building of CRPs-EP

*The above information to be captured for VOs to be taken in first three months of Enterprise promotion. In order to look at the proximity parameter, the Block teams may use a map of the selected clusters to select the panchayats and villages.

Once the above information is received, the list of VOs shall be finalized at CLF meeting of the selected clusters. The meeting should be attended by BPM-SVEP, respective Area Coordinator/Cluster Coordinator, CRPs-EP, and Mentor- RP.

Finalisation of VO

- 1. Conduct CLF EC meeting
- 2. Present the shortlisted VO list to EC and Cluster staff
- 3. Finalise the VOs

Timeline: To be completed by TEAM A1 training programme of CRPs-EP

Once the names of VOs are finalized during the EC meeting, the Block team shall prepare a list of selected VOs, and the same must be distributed in a monthly coverage plan for the first three months in year 1:

S.No	Name of CLF		Name of CLF Name of VO		Name of GP	Name of Village
	N I a van a		Name of VO1	GP1	Village 1	
1	Name of Shortlisted CLF1	1C	Name of VO2	GP2	Village 2	
	Shortlisted CLI I		Name of VO3	GP3	Village 3	
0	Name d	of	Name of VO1	GP1	Village 1	
Z	Shortlisted CLF2		Name of VO2	GP2	Village 2	

Table IV: List of Selected CLFs and VOs

Activity plan for CRPs-EP upto three months as per phasing plan

S.No	Activity	M1	M2	M3
1	CLF Orientation	Number	Number	Number
2	SHG Orientation	Number	Number	Number
3	VO Orientation	Number	Number	Number
4	Triggering meeting	Number	Number	Number
5	VO Training	Number	Number	Number
6	GOT	Number	Number	Number
7	EDP Training	Number	Number	Number
8	Viability Check	Number	Number	Number
9	Business Plan	Number	Number	Number
10	Mudra Loan Follow up	Number	Number	Number
11	PTS	Number	Number	Number

Table V: Activity plan for three months.

Timeline: The activity is to be completed before TEAM A2 training programme of CRPs-EP.

It shall be ensured that the timeline is followed, as CRPs-EP will be engaging in Enterprise promotion under TEAM A2 and will be targeting the SHGs as per three months activity plan.

Once the plan is prepared it shall be discussed at the end of TEAM A2 training programme. The CRPs-EP shall be divided into smaller groups and each group shall be allotted VOs as per Table IV.

In order to roll out the desired phasing plan, it is necessary that CRPs-EP are well oriented on the process to be undertaken when on field. This shall be combined with additional orientations and trainings requirement as per the table below:

S No.	Activity	Training requirement for CRPs-EP	Timeline for Completion of CRPs-EP	Material to be used
1	Orientation on Phasing Plan	Orientation to CRPs-EP on objectives of phasing plan	By TED2	Session Notes for Phasing plan
2	Module on SHG/VO orientation	One day training to CRPs-EP on SHG/VO orientation	One day to be extended under TEAM A2 training programme.	Orientation module on SHG/VO

3	Orientation of CRPs-EP on ME development process	, 0	extended under	
4	Introduction on formats of Business plan, Viability check under SVEP	CRPs-EP with the	Two days to be extended under TEAM B2 training programme	
5	ToT of CRPs-EP on GOT/EDP module and Familiarization with formats under SVEP as per ME development process	on delivery of GOT and EDP module and	Three day training after TEAM B3	Module of GOT and EDP. ME development process guide with formats

2) Phasing Plan Post CB of CRPs-EP

With completion of three months of phasing plan under CB, the Table III shall be revised for next three months as per the following information:

S.N o	List the name of VO having Maturi ty of minim um 3 years	CLF mem bers hip (Yes/ No)	Name of Village	Name of Gram Panch ayat	Wheth er covere d under previo us action plan (Yes/N o)	Total Numb er of SHG having memb ership with VO	No. of SHG's havin g Bank Linka ges	Total Amount of CIF disburs ed to SHG	Selecte d/Reject ed
1	Name of VO	Yes/ No	Name of Village	Name of GP	Yes/No	Numbe r	Numb er	Amount in lakhs	Selected / Rejected
2	Name of VO	Yes/ No	Name of Village	Name of GP	Yes/No	Numbe r	Numb er	Amount in lakhs	Selected /Rejecte d
3	Name of VO	Yes/ No	Name of Village	Name of GP	Yes/No	Numbe r	Numb er	Amount in lakhs	Selected /Rejecte d

Table VI: List of VOs for Phasing plan post CB phase

With selection of VOs for next three months, the finalization shall be done in CLF EC meeting and the activity plan shall be made as per Table V. Based on the progress

made as per action plans, the block teams may mark the covered villages in each cluster to understand the coverage under SVEP.

Based on the experience of the first year, the Block teams may decide to increase the coverage of the number of CLFs under SVEP for the next year, and the steps for preparation of phasing plan post-capacity building can be repeated. The block teams may further decide to prepare a quarter or six-month action plan from the second year onwards.

Annexure 6.2: Template to Prepare Joint Action Plan

Annexure 6.3: Steps to be followed in BRC to conduct Skill Training

The following steps should be followed at BRC for conducting Skill Development Training

1. Preparation of Skill Training Calendar with Annual Action Plan Responsibility:

CRP-EP group and BEPC, being from the community, will list the festivals and melas in the coming days. With the help of mentor and BPM SVEP, they should list all sorts of skill training which are required in order for entrepreneurs to participate in the same.

Frequency: Annually or Half yearly as required.

Important Points: Identification of skill-development requirement of entrepreneurs is based on the following factors

- a. Market opportunity mentioned in the DPR and areas planned to cover during the year.
- b. Needs of existing entrepreneurs using the need assessment and performance improvement plan.
- c. Upcoming demands in the market like seasonal requirements, festivals etc.

Exposure visits to successful entrepreneurs and visits to melas and markets to see new trends, best practices followed etc.

Festival	Dates		Area	List	of	Existing
		Markets		Entrepr	eneurs	
Mela	Dates			1		
Exposure	Dates			2

							Caf	Caf	Caf
				Café	Café	Café	é	é	é

21	22	23	24	25	26	27	28	29	30

 Ensuring sufficient budget is available at the block under the Skill Development Head against the requirement Responsibility:

CRP-EP group to prepare the break-up of activities and expected expenditure for the same. Mentor and BPM SVEP to support the CRP-EP group in the same.

BEPC to prepare the fund requirement plan and send request to SRLM.

BPM SVEP to facilitate and follow up the fund transfer from the SRLM.

Frequency: Annually.

Important Points:

- a. Ensure a listis made of all activities under the skill development head.
- b. Ensure that necessary budget is calculated at the beginning of every year.
- c. Ensure that sufficient budget is transferred from SRLM to the Nodal CLFs account.

 Identification of potential sectors in which skill development is needed for entrepreneurs Responsibility: CRPs-EP Frequency: During each round of mobilization and as per requirement of entrepreneurs.

Important Points:

- **a.** A list should be prepared, after the Triggering meeting, identifying the need of the entrepreneur, and the same list should be finalized after EDP for confirmed entrepreneurs.
- **b.** For domain skill development, batches should be planned so as to arrange the training with homogeneous set of entrepreneurs.
- **c.** For the Performance Improvement Programme, a better focus should be given on the need for performance improvement and similar cohesive groups should be arranged.

Name	Existing/New	Skilled /Unskilled	Domain skill as per need	Confirmation Y/N

4. Collecting Proposal from Potential Skill Training Agencies

Responsibility: CRPs-EP under the supervision of BEPC

Frequency: Before organising a skill training.

Important Points: A detailed note on the points to be covered while looking out for the skill development agency needs to be prepared.

- a. BRC to maintain a skill training agency data base which should be updated annually as per the requirement and should be updated as new trainings are planned.
- b. Batch size, quality, duration of training, fees, space for training. (Space for training means checking if there is adequate physical space for training or will the BRC provide training), faculty info, follow up after training, support, method of certification etc
- c. CRP-EP group, if interested and eligible, can also be act as a skill provider. They should meet the criteria prescribed.

Format for capturing the details of skill training agency							
Sl		Name of	Name of	Name of			
No.	List of details	Agency-1	Agency-2	Agency-3			
1	Batch size						
2	List of trainings they have provided						
3	Duration of training

5	Food and accommodation details	
6	Fees	
7	Certification method	
8	Faculty	
9	Follow up after training	
10	Loan follow up	
11	Market support, etc	

5. Evaluation of Proposals given by training Agencies

Responsibility: The evaluation has to be done **by BEPC** but needs to be supported by BPM SVEP and Mentor. Wherever required, the District Manager /Consultant on Livelihood and DDUGKY (Skills) may be invited to this meeting. **Frequency:** As and when there is a need for training.

Important Points:

- a. Based on the requirement of the entrepreneurs, the BEPC and CRP-EP group should finalise the minimum requirement that should be there in the training.
- b. If the proposal given by the training agencies match the requirements within the budgetary provision, then it should be finalised.
- c. In cases where none of the training agencies' modules contain the requirements, or if the training content requires any changes, then dialogue should be initiated with the agency to incorporate the improvisations. The BPM SVEP and Mentor should guide the BEPC and CRP-EP group regarding this.
- d. If the CRP-EP group has the potential to be an agency in a particular area, that should also be considered.
- e. The competencies of the training agency should be marked on a scale of 0-10 where 0 being the lowest and 10 being the highest. The marking should be done after discussion with all the members present in the meeting. In case, there are two agencies who have scored same, the BEPC may invite both the agencies for an interaction before finalising the agency.

6. Conducting the Skill Training

Important Points:

- a. The BEPC and CRP-EP group, with support from mentor and BPM SVEP, should monitor the delivery of the training as finalised in the module.
- b. CRP-EP group ensure that all the participants are given certificates at the end of the training.
- c. CRP-EP should also coordinate the follow up process after the training with the entrepreneur and the training agency. Follow up related to machinery purchase or bank loan are examples to mention.
- d. Feedback should be taken from the participants in terms of the usefulness of the training.

- e. CRP-EP group should also submit a report on the overall conduct of the training to the BRC which should be shared with BMMU, DMMU, SMMU and also the PIA.
- f. The details of the training agency should also be added in the skill training database.

The BEPC and CRP-EP group can refer to the below mentioned table for preparation of budget and finalising training fee for the agency where cost of training under Category-I is highest followed by Category-II, followed by category-III.

Annexure 6.6: Facilitation Process for availing Bank Loans

The steps which should be taken starting from the SMMU level to that of the BRC level are explained.

1. Orientation at the S	MMU and DMMU Level
5 5	Program in different levels of the CBO
especially in terms of Financial I	nclusions.
b. The Credit Linkage Program und	ler SVEP to be explained.
c. A discussion on what are the pos	ssible linkages to be provided under SVEP
though the SRLM and other line	departments of the state and district.
SMMU	DMMU
Participants: Non- Farm Livelihood	Participants: DPM, DMM- Non Farm
team, SPM-Financial Inclusion,	Livelihood, DPM- Financial Inclusion,
Representatives from State Line	Representatives from District Line
Departments	Departments
Facilitator: SPM SVEP and SPC from	Facilitator: BPM SVEP and
PIA	FC/BAP/Mentor from PIA

2. Orientation at the BMMU Level

Participants: BDO, GP-COS/GP-Secretaries, BPM, BPM – Non Farm Livelihood, BPM- Financial Inclusion, AC,CC, Cadre Coordinators in the Block level, Bank Sakhi, BEPC Committee, CRP-EP

Facilitator: BPM, BPM-SVEP, Mentor, Team member of the SRLM

Responsibility: Financial Inclusion

- a. Credit Linkage Program at the community Level
- b. Possible Credit Linkages available at the Block and Gram Panchayat level.
- c. Understanding of the difference between Micro Credit/Linkage Plan and Business Plan prepared by CRPs-EP
- d. The importance of PTS from the monthly Day book maintained by entrepreneurs.
- e. Discussion on establishment of an efficient monitoring system through the current CBO system starting from the application process for credit linkage, its submission, fund approval, fund releasing and repayment.
- 3. Orientation to Banker's Committee at the State, District and Block Level
 - a. Discussion on Incorporation of existing Financial Inclusion and Credit Linkages with that of SVEP
 - b. Introduction of BEPC and CRPs-EP at the Block Level meeting.

- c. Discussion on the Business Plan preparation process by the CRPs-EP.
- d. The importance of PTS from the monthly Day book maintained by entrepreneurs.
- e. Discussion on establishment of an efficient monitoring system through the current CBO system starting from the application process for credit linkage, its submission, fund approval, fund releasing, and repayment.
- f. Discussion on the establishment of a communication system between the BEPC and bank on a regular basis on the loan application submitted for bank loans, its approval, and repayment

4. Orientation to CRPs-EP

- a. Process to be followed for submitting application in the bank for loan
 - i. The Application process should go through the CBO network and after proper vetting.
 - ii. The CRPs-EP will have to support the entrepreneur in filling the relevant documents such as Business Plan, Application for loan, supporting documents as prescribed by the banks, KYC, loan history, etc, and the same should be submitted in the CBO which should be verified at each level of CBO.
 - iii. The application details should be recorded in the meeting of the CBO
 - iv. Submission of the same at PSC and getting approval from the PSC committee with recommendation letter to the bank.
 - v. Submission of the loan applications at the bank with facilitation from BPM SVEP and Mentor.
 - vi. Receipt of acknowledgement to be collected from the bank and one copy of the same should be kept at BRC.
 - vii. Taking an appointment from the bank regarding clarification on the business plan if required, discussion on clarification, follow up on status etc.
 - viii. The status on the application should be briefed in the next BLBC meeting by CRPs-EP with support from BPM SVEP.

b. Process to be followed for application Approval/Rejection

- i. The BPM SVEP/CRP-EP should visit the bank and enquire the current status of the application submitted on or after one week(7 days), or as appointment given by bank officials.
- ii. If the bank has approved the application the same should be recorded with a copy of loan sanction at the BRC and should be communicated to concerned CLF, VO, SHG, and entrepreneur.
- iii. If it is rejected or no action has been taken, it should also be recorded in the BRC with rejection letter if rejected and necessary steps should be taken to give loan to the entrepreneur from the CEF. The same should be communicated to the concerned CLF, VO, SHG, and entrepreneur.

- iv. In case of rejection from the bank, all the documents submitted at the bank should be collected and submitted in the next PSC.
- v. The information of sanction or rejection of loan from the bank should be communicated to the entrepreneur on the very same day, it should be recorded as minutes in the next PSC/BEPC meeting and also in the next BLBC meeting.
- vi. An acknowledgment receipt from the bank should be taken stating that the loan amount has been deposited in the entrepreneurs account and the same should be documented in the loan portfolio maintained at the BRC.
- vii. Date of repayment to the bank along with repayment schedule and the EMI amount should be communicated to the concerned CLF, VO, SHG, and the entrepreneurs.
- viii. The information related to loan disbursement should be documented in the next SHG meeting with details of repayment in the presence of the entrepreneur, and the tracking process should be initiated by the SHG.
- ix.

c. Process to be followed in Loan Repayment

- i. After every EMI is paid by the entrepreneur to the bank, the same should be informed in the SHG, VO, and CLF meetings and should be documented in the meeting. At the same time, the same should be communicated to the concerned CRP-EP. It is the responsibility of the CRP-EP to inform the BEPC regarding repayment of EMIs or failure of repayment in the BEPC meeting, and the same should be updated in the loan portfolio of the BRC.
- ii. The information related to EMIs should pass on from SHG to VO to CLF and all the CBO should document the details in their meeting.
- iii. The CRP-EP should also update the details in their personal loan tracker.
- iv. If the entrepreneur fails to repay the EMIs for consecutive 3 months, it should be discussed in the BEPC meeting in the presence of the CRP-EP and the entrepreneur. There should be redressal of the issue and a communication should be sent to the Bank regarding this so that the rapport between the BRC and Bank is not hindered.

Annexure 6.9: Steps for FSSAI Registration

What is FSSAI?

Food safety & Standard Authority of India (FSSAI) is an autonomous body established under Ministry of Health & Family welfare, Government of India. It is responsible for protecting and promoting public health through the regulation and supervision of food safety.

Who can get FSSAI?

Obtaining a FSSAI license is mandatory before starting any food business operation in India. The following kind of business in the food sector has to get mandatory license in India

- All types of food manufacturers
- Food packaging Unit
- Food storage unit
- Wholesale food business operator
- Food Traders
- Online food business operators
- Caterers or Hotel
- Raw food material supplier
- Exporter and importer of food products
- Food products transporters and distributors
- Food products retailers

What are the types of licenses under FSSAI?

There are three categories of licenses available under FSSAI which are as follows:

- 1. Registration: Businesses with a turnover up to Rs 12 lakh have to take registration certificate from FSSAI.
- 2. State license- Businesses with a turnover of 12 lakh to 20 crores have to take a state license certificate from FSSAI
- 3. Central license- Businesses with a turnover above 20 crores have to take a central license certificate from FSSAI

What are the benefits of taking FSSAI license?

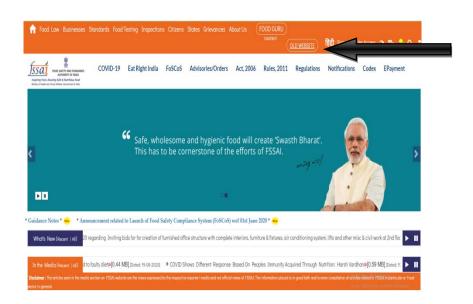

FSSAI food license helps to assure the customer that the products are safe for consumption. It is also an impressive tool to showcase that all the products have been tested and approved for quality. It also helps in justifying that the entrepreneur has taken all the reasonable precautions to ensure safety and quality of food

products. Hence, the FSSAI license helps in building good will among the customers as well as emphasizes the authenticity and quality of the product

How to do FSSAI registration for a business?

The detailed step by step processes for FSSAI registration for businesses with turnover up to 12 lakhs are as follows:

(Note: The steps to get the state and central license remains the same till step 13. In case the business turnover is more than 12 lakhs, please select second option at step 13 and proceed with filling the registration form. Repeat the same to get central license)

Step 1: Go to goggle chrome and type <u>www.fssai.gov.in</u>. This will bring you to the main page of FSSAI portal. In order to apply for the license, click on old website appearing on the top of the page

Step 2: After clicking on old website a page like this will appear. Click on the licensing & registration in order to proceed further with the process

	Existing Users Login	
	Username	Step 3: After clicking on
the second secon	Password	Licensing & registration a screen like this will appear
HELSTRATION	Enter Captcha Code	where the entrepreneur will have to sign up in order to fill
TO FLPS	142006 S	the form
a & Registration System	Sign In	
)	Forgot User ID/Password Sign Up	

Step 4: After clicking on Sign Up a form like this will appear which has basic details of entrepreneur like name, name of the enterprise, address where the enterprise is open, state, district, pin code, mobile number along with username and password has to be filled . After filling the form submit button has to be pressed.

	FBO	Sign Up

Annexure 6.10: Market Development Process

Market facilitation activities under SVEP encompasses two main categories: Weekly/Bi-Weekly/Monthly markets and festival markets. Weekly or monthly markets are those which, as the name indicates, happens once in a specified time period in a recurring and continuous manner. Festival markets are those markets which leverage special occasions, religious festivals, etc., and seek potential customers in the large crowds attracted by these events.

Market facilitation has become a key area of focus for SVEP implementation by Kudumbashree National Resource Organisation after the generation of empirical evidence for its considerable potential for supplementing entrepreneurs with additional revenue by; a) taking their products to a larger audience which otherwise is not attracted to their regular place of operation, and, b) building capacities for individual entrepreneurs and for the community as a whole in promoting and sustaining local markets and enabling them to identify the local opportunities for such initiatives.

Strategy for Market Development

An indicative set of steps to be followed in developing a market is provided in the table below:

Activity	Role of CRP-EP	Role of BRC-MC / CBO
Opportunity identification on the basis of the sales potential of a particular village or event: absence of market places in a region, untapped potential of an event/festival, existing supply deficit, etc., involves this step. DPR can be referred for opportunity identification	CRP-EP to identify sales potential with support from mentor and professional. Supply deficit is mapped, required support systems ascertained, and viability report of the envisioned market is prepared by the CRP-EP	BRC management committee with support from mentor and BPM-SVEP shall verify the viability report prepared by the CRPs-EP. A checklist of arrangements to be made is finalized at the BRC, which is to be followed by the CRPs- EP for the promotion of the particular market
CBO orientation for market development support is undertaken for building capacities of the community in beneficiary identification, market promotion, monitoring, and in ensuring sustainability of the market.	CRP-EP shall undertake capacity building of the community under the supervision of the mentor. One major focus of the orientation will be on building ownership of the VO or CLF on the market	BRC-MC members shall proactively support the CRPs- EP in orientations and in motivating the community to take up ownership of the market

Obtaining necessary permissions and approvals from the local government, agreement/MoU on land identified for the market, etc. Public spaces coming under the ownership of GP are preferred for weekly markets. In the case of festival markets, a lasting relation or agreement is to be arrived at with the temple/masjid/gurudwara committee	CRP-EP, with support from BPM-SVEP, shall work towards acquiring the necessary permissions for establishing the local market	BRC-MC, as a representative of the community, shall enter into a formal agreement with the owner of the land on which market is to be established
Formation of market management committee with representation from local body and CBO to be ensured in case of weekly/monthly markets. This committee shall be the governing body with rights to collect fee from entrepreneurs and ensuring distribution of revenue thus generated to stakeholders like GP/CBO/land owner. The committee shall ensure the smooth functioning and sustainability of the market and shall be the immediate appellate authority for resolution of any disputes that arise on the market	CRP-EP, with support from mentor and BPM-SVEP shall support the stakeholders in selecting members to the committee while ensuring adequate representation from all. They shall also be responsible for the capacity building of the committee and in educating them on their responsibilities, roles, and powers	The members from VO/CLF shall become proactive members in the committee and shall work in the best interest of the entrepreneurs from the community; the primary beneficiaries of the market
Selection and Capacity building of entrepreneurs for their successful participation in the market. Selection of entrepreneur shall depend on factors like their place of business and its distance from market location, demand for their product/service in the particular market, etc.	CRPs-EP with support from mentor shall orient the entrepreneurs in business management during markets. They shall also be the primary decision makers on the entrepreneurs to be selected for the markets. Adequate consultancy services shall be provided to the entrepreneurs in appropriately taking advantage of the opportunity by their specific businesses	BRC-MC shall verify and approve the list of entrepreneurs selected for each market and instruct changes to the list if deemed necessary

Handholding of market and PTS support to entrepreneurs: weekly/monthly markets to be monitored for not more than six months, while all festival markets are to be necessarily monitored and performance evaluated	CRP-EP with support from mentor shall monitor the performance of the market as a whole and that of the individual entrepreneurs through PTS and provide necessary consultancy	BRC-MC shall be informed of the performance of markets developed by the BRC and shall monitor and evaluate the performance of CRPs-EP in providing market facilitation support to the community
--	---	--

Performance tracking of the markets is a very important activity to be necessarily done by all BRCs. **The revenue generated by the markets should be registered and aggregated at the end of each year of project implementation at each BRC.** Apart from the number of markets developed, the revenue generated by market facilitation activity for the entrepreneurs is a much more significant indicator of BRC's performance in market facilitation.

**Revenue generated by weekly/monthly markets shall not be aggregated to the total figure beyond the handholding period (a maximum of six months).

Factors Influencing Selection of Market Location

Few factors to be considered while selecting location of the market are provided below:

Parameter	Yes	No
An open area with sufficient space		
Does the location attract sufficient footfall		
Is the location convenient and accessible for every customer		
Sufficient transport facilities in the area		
Socio-cultural or religious importance of the area		
Existence of religious establishments in the vicinity		

Parameter	Comment
Distance from the villages it has planned to cover	
Distance from the existing markets and economic zones	
Scope for tourist attraction	
Previous markets conducted or experience from the previous market- reasons of failure (if any)	

Fund Mobilisation for Market Development

Having clarity on sources of fund for various activities essential for establishing and sustaining the market is of utmost importance. The three major stakeholders from whom funds can be mobilised are; the entrepreneurs, local government, and the BRC/CBO. Broadly, while BRC/CBO may pay for the expenses in the preparatory stages and remunerate the CRPs-EP for their services, the local government (in case of weekly markets) is primarily expected to invest in basic infrastructure necessary for establishing the market (one reason why entrepreneurs would be willing to pay the local body a facility fee).

However, the basic logic to be deployed while mobilising funds for market promotion is that 'the beneficiary of the means which provide them supplementary revenue pays for it' and hence, the day to day expenses of running a weekly market like space rent, electricity, water, etc. are to be borne by the entrepreneurs. In the case of festival markets, however, all expenses including infrastructure (rented temporary structures, water, electricity, etc.), space rent, etc., are usually borne by the entrepreneurs. BRC, in some rare cases, pays a portion of infrastructure set-up costs (usually when market revenue is not as much as expected or when entrepreneurs incur a loss). Few common cost heads and the ideal sources for meeting those expenses are given in the table below:

Expected Expenses	Possible Sources of Fund
Advertisement	Vo fund / CLF Fund
Tent/shed or similar necessary	Weekly market: Panchayat support
infrastructure requirements for market	Festival market: Participating
	entrepreneur contribution for rented
	structures
Water facilities	Entrepreneurs share / fee and panchayat
	/ CBO support
Name board /banner	BRC/CBO
Inauguration expenses	Sponsorship from bank, local leaders,
	shops / CBO / BRC administrative fund
	(Interest received from CEF repayment)
Rent for land	Participating entrepreneurs
Expenses for agreement with land	BRC Administrative fund (Interest
owner or Panchayat	received from CEF repayment)
CRP-EP/MECs handholding support	CRP-EP handholding fund of SVEP

Marketing and Publicity

Few suggestive means for advertising the market are given below:

- An audio clip ad can be dubbed and circulated through social media platforms
- Mike announcements
- Pamphlets can be distributed in Panchayat offices, nearby schools, hospitals, veterinary centres, Krishi Vigyan Kendras and other institutions
- Posters at CLF offices and VO offices
- Pamphlets can be circulated through community cadres
- Formal invitation through SHG, VO, and CLF meetings
- Invitation extended to local government, bank personnel, headmasters of schools and other community influencers

Indicative Checklist of Arrangements for a Market

BRC Seva Kendra

Parameters	Yes/No
Clean space	
Tents, roofs and decoration	
Table, racks and chairs	
Electrification and lighting	
Help-desk	
Place for arrangement and display of products	
Banners and poster	
Dustbins	
Drinking water facility	
Provision for toilets	
Sitting area for the customers	
Recreation space for kids	

BRC Seva Kendra (help desk) is a market facilitation 'good-practice where every market shall have a help desk that provides information to the visitors and customers on the market, the organizers, the project, various interventions, and also collects feedback on the intervention. The seva kendra should be facilitated by CRPs-EP/ MECs at all times.

The list of information that the Seva-Kendra should provide are:

• Information about the project- SVEP and the SRLM.

- A pictorial representation of the four components within the project.
- List of all the CRPs-EP/ MECs along with their phone numbers.
- Case studies of few enterprises that are successfully running.
- Case studies of previous market research conducted and the feedback.
- Banner stating the name of project, the name of supporting verticals, address of the BRC office with phone number.

Government of India Ministry of Rural Development Department of Rural Development (NRLM Division)

> 7th Floor, NDCC-II Building Jai Singh Road, New Delhi

> > Dated: 6th January, 2020

To,

State Mission Director/CEO State Rural Livelihoods Mission Andhra Pradesh, Assam, Bihar, Chhattisgarh, Gujarat, Haryana, Jammu & Kashmir, Jharkhand, Kerala, Madhya Pradesh, Maharashtra, Manipur, Meghalaya, Mizoram, Nagaland, Odisha, Punjab, Rajasthan, Tamil Nadu, Telangana, Uttar Pradesh, Uttarakhand, West Bengal

Subject: PFMS mapping of budget heads of SVEP

Sir/Madam,

I am directed to inform that the budget heads of Start-up Village Entrepreneurship Programme (SVEP) have been revised as per the discussion at the Finance Review Meeting with State teams held during 25th to 27th July, 2019 at New Delhi.

To align with the SVEP budget Heads the existing budget lines in PFMS have been recast as indicated in the attachment. The nature of expenditure to be booked against each of the budget line and also indicating the route of fund transfer (to the project implementing agencies/community-based organizations) are also indicated in the attachment.

The budget lines "[K01] Skill building of Entrepreneurs", "[K02] Block level professional support", "[K04] NRLM Centralised Support (NRO Secretariat)" and "[K05] Training and implementation for PIA's" has been substituted with new budget heads and henceforth, it is requested not to book the expenditure under [K01], [K02], [K04] and [K05]. These heads are not deleted/disabled in PFMS as expenditure booked till now has to be considered for monitoring.

As decided at the meeting, referred above and communicated in the minutes of the meeting, all SRLMs are requested to submit separate IUFR for SVEP starting from 2nd qtr of 2019-20 by incorporating the new budget lines in the IUFR.

Yours faithfully,

(Anita Baghel) Director-RL

Summary of all Reviews

Suggested Agenda

1. Monthly Review by SRLM

Frequency of meeting- Once in a month Quorum: Mentor and BPM-SVEP with SRLM Chaired by: SPM

Minutes maintained by: BPM-SVEP

Suggested Agenda	Materials Required
 Review of Action Points from last meeting (led by BPM- SVEP) 	i. Monthly Work Plan ii. Coverage plan developed
 Discussion on targets and achievement so far in the block Discussions on issues in progressing with the Monthly Work Plan 	iii. Financial details- Fund Status at Block level and SRLM level

2. Quarterly Reviews by SRLM

Frequency of meeting- Once in a month

Quorum: Respective state's NRO Professionals, SVEP Programme Manager (NRO), Kudumbashree NRO's COO, SRLM CEO and SPM of SVEP

Chaired by: SPM

Suggested Agenda	Materials Required
 Progress update on Action Points discussed in previous quarter 	i. Target and Coverage plan developed
 Progress of enterprise promotion activities against pre- determined target in all SVEP blocks supported by Kudumbashree NRO 	ii. Financial details- Fund Status at Block, SRLM and NRO level
 Discussion on revision of existing plan or strategy as required Training support required Resource development support required Target revision if required 	

	Mentor/Internal Mentor placement- progress update
4. Dis	scussion around financial status at block, SRLM and NRO
lev	vel- fund availability and requirements
5. Sta	atus of CEF repayment policy implementation on the field
6. Ch	nallenges faced in implementation which require attention of
SR	RLM and/or NRO
7. Otł	her discussions

Internal Monthly Review by PIA Ι.

1. NRO Monthly Review

Frequency of meeting- Once in a month Quorum: Respective state's NRO Professionals, SVEP Programme Manager (NRO) Invitees- COO of Kudumbashree NRO Chaired by: PM N

Minutes maintained by: Thematic Anchors

GUIDELINES FOR FIELD LEVEL COMMUNITY MONITORING FORMAT FOR CLF/VO AND EVALUATION

1. Every month field visit shall be conducted by concerned CLF and VO

2. The field visit for enterprise monitoring is divided into two types

a. Scheduled visit - done by CLF livelihood subcommittee along with MEC representative by using form M.1

b. Surprise visit - done by VO members/volunteers team by using form M.2

3. Minimum two villages in a cluster per month having a total of five enterprises shall be selected for monitoring; one village for scheduled visit and one village for surprise visit

4. BEPC members will fill the basic details above the table in the both the formats; columns-2,3,4,6,8 & 9 in form M.1 and columns-2,3,4,& 5 in form M.2. with the help of BPM-SVEP. Remaining data has to be filled by Cluster livelihood committee and VO office bearer in form M.1 and form M.2 respectively while visiting the enterprise on the field.

5. Formats for evaluation will be given for monitoring in the presence of the concerned BEPC members from the CLF on the CLF monthly meeting day. Filled in formats shall be submitted by the team to BMMU team in the presence of BPM-SVEP. Field level monitoring by teams shall be completed and filled in M.1 and M.2 forms shall be submitted to EC within a maximum of 15 days after receiving them.

6. BMMU team along with BPM-SVEP shall evaluate the filled in forms as per the scheme of evaluation and results shall be discussed in the CLF EC meeting along MEC group representatives. The summary of the evaluation and decision taken in the CLF EC meeting shall also be discussed as an agenda in the next BEPC meeting

SCHEME OF EVALUATION

Scheme of evaluation is based on the four components

- 1. Enterprise opening date and MEC supporting date
- 2. MEC last visit date to the enterprise
- 3. Consultation slip availability
- 4. Day book maintenance

First three components are for assessing MEC groups working quality and the fourth component is to make the entrepreneur a responsible entity in the CLF's enterprise building ecosystem. These components have to be assessed as per the given steps of evaluation and action to be taken as per the action guideline

Step	Component	Type of enterprise	Found condition in the field	Action to be taken against non -compliance
1	Verification of reported enterprise opening date and MEC supporting date	New	If enterprise opening date is found before the reported MEC supporting date	MEC shall give an explanation to CLF EC for the mistakes found. If CLF EC found the explanation not satisfactory then action shall be taken as per the 'action to be taken' table
2	MEC visited the enterprise during last month		If MEC did not visit the enterprise during the previous month	MEC shall give an explanation to CLF EC for the mistakes found. If CLF EC found the explanation not satisfactory then action shall be taken as per the 'action to be taken' table
3	Consultation slip received till the second previous month	Old/New	If consultation slip for the second previous month is not given to the entrepreneur by MEC	MEC shall give an explanation to CLF EC for the mistakes found. If CLF EC found the explanation not satisfactory then action shall be taken as per the 'action to be taken' table
4	Day book maintenance by entrepreneur	Old/New		Counselling to the entrepreneur by community

Steps to verify non-compliance and action to be taken:

Action to be taken:

MEC group will be held responsible in case of non-compliance in first three components mentioned in the scheme of evaluation, for day book maintenance community has to take the responsibility and counsel the entrepreneur by explaining him about the importance of day book and the necessity of consultation. Non-compliance with any of the component in the above mentioned three has to be counted as a mistake and if the number of mistakes found are more than five across scheduled and surprise inspections then 50% of the service charge paid by CLF for that component for that particular enterprises shall be refunded by the MEC group. If the number of mistakes are more than 10, then 100% service charge paid by the CLF for that component for that particular enterprise shall be paid back by the MEC group.

Table to calculate the fund to be paid back:

St ep	Component	Found mistake in the field	Service charge paid by CLF for that particular service [A]	Total number of mistakes found (B)	Service charge paid for the mistakes made (A X B)
1	Verification of reported enterprise opening date and MEC supporting date	If found enterprise opening date is before the reported MEC supporting date	500		
2	MEC visited the enterprise during last month	If MEC did not visit the enterprise during the previous month	135		
3	Consultation slip received till the second previous month	If consultation slip for the second previous month is not given to the entrepreneur by MEC	135		
	Total service ch				

Service charge to be refunded is

1.50% of total service charge paid for mistakes made in case of 6 to 10 mistakes (50% of total A X B) 2.100% of total service charge paid for mistakes made in case of more than 10 mistakes (100% of total A X B)

Action to be taken table

S.N o	Found condition in the field (with reference to the steps of evaluation table)	Number of enterprises visited	Number of enterpris es found with fault data	Type of mistake	Action to be taken
			1	Level 1	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd & 4th time - 25% of the service charge(25% of Rs 500 for starting an enterprise is Rs 125) paid by CLF for the particular enterprise shall be refunded by the MEC group 5th time onwards - 50% of the service charge(50% of Rs 500 for starting an enterprise is Rs 250) paid by CLF for the particular enterprise shall be refunded by the MEC group
	If found enterprise opening date is before the reported MEC supporting date		2 to 3	Level 2	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd & 4th time - 50% of the service charge(50% of Rs 500 for starting an enterprise is Rs 250) paid by CLF for the particular enterprise shall be refunded by the MEC group 5th time onwards - 50% of the service charge paid by CLF for the particular enterprise shall be refunded by the MEC group. A new sample of 10 enterprises of that cluster in that particular month shall be visited again. If the number of enterprises with fault data are more than three in the second visit then it is advised that 100% visit of the enterprises of that particular month shall be done and 50% of the service charge of the enterprises with fault data shall be paid back to CLF by MEC group

			More than 3	Level 3	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time - 50% of the service charge(50% of Rs 500 for starting an enterprise is Rs 250) paid by CLF for the particular enterprise shall be refunded by the MEC group 4th time onwards - It is advised that 100% field verification shall be done and 50% of the service charge paid by CLF for the particular enterprises with fault data shall be refunded by the MEC group in the cases of fault enterprise data
--	--	--	----------------	---------	--

	2	Level 1	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd & 4th time - 25% of the service charge(25% of Rs 500 for starting an enterprise is Rs 125) paid by CLF for the particular enterprise shall be refunded by the MEC group 5th time onwards - 50% of the service charge(50% of Rs 500 for starting an enterprise is Rs 250) paid by CLF for the particular enterprise shall be refunded by the MEC group
If found enterprise opening date is before the reported MEC supporting date 1	3 to 6	Level 2	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd & 4th time - 50% of the service charge(50% of Rs 500 for starting an enterprise is Rs 250) paid by CLF for the particular enterprise shall be refunded by the MEC group 5th time onwards - 50% of the service charge paid by CLF for the particular enterprise shall be refunded by the MEC group. A new sample of 10 enterprises of that cluster in that particular month shall be visited again. If the number of enterprises with fault data are more than three in the second visit then it is advised that 100% visit of the enterprises of that particular month shall be done and 50% of the service charge of the enterprises with fault data shall be paid back to CLF by MEC group.
	More than 7	Level 3	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time - 50% of the service charge(50% of Rs 500 for starting ar enterprise is Rs 250) paid by CLF for the particular enterprise shall be refunded by the MEC group 4th time onwards - It is advised that 100% field verification shall be done and 50% of the service charge paid by CLF for the
	4	Level 1	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd & 4th time - 25% of the service charge(25% of Rs 500 for starting an enterprise is Rs 125) paid by CLF for the particular enterprise shall be refunded by the MEC group 5th time onwards - 50% of the service charge(50% of Rs 500 for starting an enterprise is Rs 250) paid by CLF for the particular enterprise

	If found enterprise opening date is before the reported MEC supporting date	21 to 40	5 to 12	Level 2	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd & 4th time - 50% of the service charge(50% of Rs 500 for starting an enterprise is Rs 250) paid by CLF for the particular enterprise shall be refunded by the MEC group 5th time onwards - 50% of the service charge paid by CLF for the particular enterprise shall be refunded by the MEC group. A new sample of 10 enterprises of that cluster in that particular month shall be visited again. If the number of enterprises with fault data are more than three in the second visit then it is advised that 100% visit of the enterprises of that particular month shall be done and 50% of the service charge of the enterprises with fault data shall be paid back to CLF by MEC group
			More than 12	Level 3	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time - 50% of the service charge(50% of Rs 500 for starting an enterprise is Rs 250) paid by CLF for the particular enterprise shall be refunded by the MEC group 4th time onwards - It is advised that 100% field verification shall be done and 50% of the service charge paid by CLF for the particular enterprises with fault data shall be refunded by the MEC group in the cases of fault enterprise data
			1 to 3	Level 1	CLF shall counsel MEC and encourage them to visit every active enterprise at least once in a month
		5 to 10	More than 3	Level 2	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time onwards - 50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particular enterprise shall be refunded.
2	If MEC did not visit the enterprise during the previous month	11 to 20	1 to 6	Level 1	CLF shall counsel MEC and encourage them to visit every active enterprise at least once in a month

[1 to 12	Level 1	CLF shall counsel MEC and encourage them to visit every active enterprise at least once in a month
	21 to 40	More than 12	Level 2	 1st & 2nd time - A warning shall be given to the MEC group to no repeat such mistakes 3rd time onwards - 50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particula enterprise shall be refunded.
		1	Level 1	 1st & 2nd time - A warning shall be given to the MEC group to no repeat such mistakes 3rd time onwards -50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particula enterprise shall be refunded by MEC group
If consultation slip till the second previous month is not given to the entrepreneur by MEC	5 to 10	2 to 3	Level 2	 1st & 2nd time - A warning shall be given to the MEC group to no repeat such mistakes 3rd time onwards - 50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particula enterprise shall be refunded by MEC group. A new sample of 1 enterprises of that cluster in that particular month shall be visite again. If the number of enterprises with fault data are more than three i the second visit then it is advised that 100% enterprise visit of the enterprises of that particular month shall be done and 50% of the service charge of the enterprises with fault data shall be paid bac to CLF by MEC group
		More than 3	Level 3	 1st & 2nd time - A warning shall be given to the MEC group to no repeat such mistakes 3rd time onwards - 50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particula enterprise shall be refunded by MEC group. It is advised that 100% field verification shall be done and 50% of the service charge paid by CLF shall be refunded in the cases of fau enterprise data

	2	2	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time onwards -50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particular enterprise shall be refunded by MEC group
-	_		

If consultation slip till the second previous month is not given to the entrepreneur by MEC	11 to 20	3 to 6	Level 2	1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time onwards - 50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particular enterprise shall be refunded by MEC group. A new sample of 10 enterprises of that cluster in that particular month shall be visited again. If the number of enterprises with fault data are more than three in the second visit then it is advised that 100% enterprise visit of the enterprises of that particular month shall be done and 50% of the service charge of the enterprises with fault data shall be paid back to CLF by MEC group
3		More than 7	Level 3	1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time onwards - 50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particular
				enterprise shall be refunded by MEC group. It is advised that 100% field verification shall be done and 50% of the service charge paid by CLF shall be refunded in the cases of fault enterprise data
		4	Level 1	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time onwards -50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particular enterprise shall be refunded by MEC
If consultation slip till the second previous month is not given to the entrepreneur by MEC		5 to 12	Level 2	group 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time onwards - 50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particular enterprise shall be refunded by MEC group. A new sample of 10 enterprises of that cluster in that particular month shall be visited again. If the number of enterprises with fault data are more than three in the second visit then it is advised that 100% enterprise visit of the enterprises of that particular month shall be done and 50% of the

service charge of the enterprises with fault data shall be paid back to CLF by MEC group

		More than 12	Level 3	 1st & 2nd time - A warning shall be given to the MEC group to not repeat such mistakes 3rd time onwards - 50% of the service charge(50% Rs 270 is Rs 135 per month) paid by the CLF to MEC for the particular enterprise shall be refunded by MEC group. It is advised that 100% field verification shall be done and 50% of the service charge paid by CLF shall be refunded in the cases of fault enterprise data

Annexure 8.7- Process for BRC Grading

SVEP envisages BRC to be one stop facility for enterprise promotion in the block. For this there should be constant improvement in the services provided by BRC. In order to understand the areas where the BRC requires improvement, a grading of BRC should be conducted every year and based on the results of the grading interventions should be planned to improve the BRC. There should be follow up on the aspects where the scores are lesser. The BRC grading should not be conducted by stakeholders who are directly connected to the BRC like Mentor, BPM SVEP, BEPC or CRPs-EP. The grading process should be conducted by any professional either from the PIA or from the SRLM for example, FC from NRO or YP livelihood from DMMU.

The following are the section-wise details and instructions to facilitate the BRC Grading Process

1. Master Sheet

To be filled by Monitoring Team after grading format is collected from all BRCs. Parameters to be filled are listed below:

- 1. % entrepreneurs attained Domain skill training
- 2. % entrepreneurs attained soft skills training
- 3. % entrepreneurs attained Performance Improvement Programme
- 4. % entrepreneurs went on exposure visits
- 5. Credit Services provided (Other than CEF)
- 6. % entrepreneurs provided registration services
- 7. % entrepreneurs provided Fixed Asset Purchase services
- 8. % entrepreneurs provided packaging and labelling services
- 9. % of entrepreneurs provided raw materials purchase services
- 10. % entrepreneurs provided with legal formalities services
- 11. % entrepreneurs provided Marketing support

Collects information of highest scores attained in selected headings which will be used to calculate percentile achievement.

Since the parameters are used for calculating scores in BRC Services sheet, the Total Possible Scores for this section will be determined only after the Master Sheet details are collected

2. BRC Services-

Section requires few data points to be collected before beginning the Grading Process which are listed below (Source of data provided in brackets):

- 1. Number of Enterprises Planned for Grounding (From Annual Action Plan)
- 2. Number of Enterprises Grounded (Total of OTFs collected / Updated MIS)
- 3. Number of Food Based Enterprises (Total of OTFs collected / Updated MIS)
- 4. Number of Udyog Aadhar eligible enterprises (Total of OTFs collected / Updated MIS))
- 5. Number of Local Markets Planned (Annual Action Plan/Joint Action Plan)
- 6. Number of Entrepreneur meetings planned (Annual Action Plan/Joint Action Plan)

BRC Services Sheet Contains 3 Sub Sections

Sub Section 1- Mobilisation, Orientation and Capacity Building of Entrepreneurs

Sub Section 2- Viability Study and Business Plan Preparation

Sub Section 3- Handholding Support to Enterprises- 1 Year of Enterprise Support

I. Sub Section 1- Mobilisation, Orientation and Capacity Building of Entrepreneurs

- a. <u>SHG Orientation</u>
- b. <u>Triggering Meeting</u> c.

<u>GOT</u>

d. <u>EDP</u>

Details to be filled by the assessor (Source of data provided in brackets) are:

- Planned Number Total number of meetings planned
- Planned Attendance Total number of participants expected
- Actual Number Total number of meetings conducted
- Actual Attendance Total number of participants attended

Details which are auto-calculated are (formulas given in brackets)

• Planned Conversion Rate- Expected conversion rate from initial Meeting to the next (eg. Planned Attendance Triggering/Planned Attendance SHG Orientation X 100)

• **Coverage-** Comparison of Actual Number of Meetings against the Plan prepared *(eg. Actual No: /Planned No: X 100)*

• Actual Conversion Rate- Actual rate of conversion from initial Meeting to the next (eg. Actual Attendance Triggering /Actual Attendance SHG Orientation X 100)

• **Grading Base-** Compares the Actual Conversion Rate against the Planned Conversion Rate. The value returned is always a number less than or equal to 100

(Actual Conversion Rate/Planned Conversion Rate X 100)

• **Bonus Points-** Extra Points awarded for scenarios where the Actual Conversion Rate is higher than the Planned Conversion Rate

(eg. If Actual Conversion Rate is higher than 200%, Bonus point of 15 is awarded, If Actual Conversion Rate is higher than 150%, Bonus point of 10 is awarded, if Actual Conversion Rate is higher than 100%, Bonus Points of 5 is awarded)

• Score- Calculates the Total score earned by each parameter

(Grading Base + Bonus Points)

- e. Domain Skill Training
- f. Soft Skill Training
- g. Performance Improvement Program
- h. Exposure Visit to Entrepreneurs

Details to be filled by the assessor (Source of data provided in brackets) are:

- Planned Number Total number of meetings planned
- **Planned Attendance** Total number of participants expected
- Actual Number Total number of meetings conducted
- Actual Attendance Total number of participants attended

Details which are auto-calculated are (formulas given in brackets)

• **Coverage %-** Actual Number of Meetings held compared to the Planned Number of Meetings

(Actual No:/Planned No: X 100)

• Actual Conversion Rate- Compares Actual Number of Participants against the Planned Number of participants

(Actual Attendance/Planned Attendance X 100)

• **% of Entrepreneurs availed services-** Calculates proportion of entrepreneurs that availed the service against total number of enterprises grounded

(eg. Actual Attendance/Number of Enterprises grounded X 100)

• **% Achievement compared to best performer-** Compares performance in the selected parameter with the Highest Scorer of all BRC Grading Sheets

(eg. % Entrepreneurs availed service/Highest Scored in Master Sheet for the Parameter X 100)

• Score- Score will be same as the value in Grading Base

II. Sub Section 2- Viability Study and Business Plan Preparation a.
 Viability Study
 b. Business Plan

Details to be filled by the assessor (Source of data provided in brackets) are:

• Number of Reports- Collect the Total Number of Reports Submitted (Business Plan Register/Count of Business Plan and Viability Study submitted to BRC)

Details which are auto-calculated are (formulas given in brackets)

• Achievement %- Calculates the proportion of Reports against the Total Enterprises grounded

(eg. Number of Business Plans/Total Enterprises grounded X 100)

• **Grading Base-** Returns the Value calculated in Achievement % if less than 100, or the value 100

(eg. If Achievement % is 200%, Value returned in Grading Base will be 100; If Achievement % is 70%, Value returned in Grading Base will be 70)

• **Bonus Point-** Extra Points awarded for scenarios where the Achievement % is higher than 100

(eg. If Achievement % is higher than 200%, Bonus point of 15 is awarded, If Achievement % is higher than 150%, Bonus point of 10 is awarded, if Achievement % is higher than 100%, Bonus Points of 5 is awarded)

• Score- Calculates the Total score earned by each parameter

(Grading Base + Bonus Points)

c. Credit Services (Other than CEF)

Details to be filled by the assessor (Source of data provided in brackets) are:

• No: of Entrepreneurs provided with service- Enter the total number of entrepreneurs who have been provided this service (PSC Register/Entrepreneur Register/Updated MIS)

Details which are auto-calculated are (formulas given in brackets)

• Achievement %- Calculates number of entrepreneurs provided with the service against the total number of enterprises grounded

(eg. No: of entrepreneurs provided with service/Number of enterprises grounded X 100)

• Achievement % compared to highest scorer- Compared the Achievement % against the Achievement % of the highest scorer out of all BRC grading sheets

(eg, Achievement %/Achievement % of highest scorer X 100)

• **Grading Base-** Returns value in Achievement % if value less than 100, else returns the value 100

(eg. If Achievement % is 200%, Value returned in Grading Base will be 100; If Achievement % is 70%, Value returned in Grading Base will be 70)

III. Sub Section 3- Handholding Support to Enterprises- 1 Year of Enterprise Support

- a. Udyog Aadhar
- b. FSSAI Registration

Details to be filled by the assessor (Source of data provided in brackets) are:

• Numbers Facilitated- Enter number of enterprises provided with the service

Details which are auto-calculated are (formulas given in brackets)

- Achievement %- Calculates the number of enterprises provided with the service against number of eligible enterprises (eg. Udyog Aadhar/No: enterprises eligible for Udyog Aadhar X 100)
- **Grading Base-** Returns value in Achievement % if value less than 100, else returns the value 100

(eg. If Achievement % is 200%, Value returned in Grading Base will be 100; If Achievement % is 70%, Value returned in Grading Base will be 70)

• **Bonus Points** - Extra Points awarded for scenarios where the Achievement % is higher than 100

(eg. If Achievement % is higher than 200%, Bonus point of 15 is awarded, If Achievement % is higher than 150%, Bonus point of 10 is awarded, if Achievement % is higher than 100%, Bonus Points of 5 is awarded)

• Score- Calculates the Total score earned by each parameter

(Grading Base + Bonus Points)

- c. Registration (cooperative, P.ltd etc)
- d. Fixed Asset Purchase
- e. Packaging and Labelling
- f. Raw Material Purchase
- g. Legal Formalities
- h. Marketing Support

Details to be filled by the assessor (Source of data provided in brackets) are:

• Numbers Facilitated- Enter number of enterprises provided with the service

Details which are auto-calculated are (formulas given in brackets)

• Achievement %- Calculates the number of enterprises provided with the service against total number of enterprises

(eg. Fixed Asset Purchase/No: of enterprises grounded X 100)

• **Grading Base-** Compares the achievement % of each parameter against the best performer in that parameter

(eg. Achievement % of Fixed Asset Purchase/Achievement % of the Best Performer X 100)

• **Bonus Points** - Extra Points awarded for scenarios where the Achievement % is higher than 100

(eg. If Achievement % is higher than 200%, Bonus point of 15 is awarded, If Achievement % is higher than 150%, Bonus point of 10 is awarded, if Achievement % is higher than 100%, Bonus Points of 5 is awarded)

• Score- Calculates the Total score earned by each parameter

(Grading Base + Bonus Points)

i. Consultation Slip

Details to be filled by the assessor (Source of data provided in brackets) are:

• **Numbers Facilitated-** Enter number of enterprises provided with the service

Details which are auto-calculated are (formulas given in brackets)

• Achievement %- Calculates the number of enterprises provided with the service against total number of enterprises

(eg. Consultation Slip/No: of enterprises grounded X 100)

• **Grading Base-** Returns value in Achievement % if value less than 100, else returns the value 100

(eg. If Achievement % is 200%, Value returned in Grading Base will be 100; If Achievement % is 70%, Value returned in Grading Base will be 70)

• **Bonus Points** - Extra Points awarded for scenarios where the Achievement % is higher than 100

(eg. If Achievement % is higher than 200%, Bonus point of 15 is awarded, If Achievement % is higher than 150%, Bonus point of 10 is awarded, if Achievement % is higher than 100%, Bonus Points of 5 is awarded)

• Score- Calculates the Total score earned by each parameter

(Grading Base + Bonus Points)

- j. Local Markets
- k. Entrepreneur Meets

Details to be filled by the assessor (Source of data provided in brackets) are:

• Numbers Facilitated- Enter number of events conducted

Details which are auto-calculated are (formulas given in brackets)

• Achievement %- Calculates the number of events conducted against the planned number of events

(eg. Number of Local Markets Conducted/Planned Local Markets X 100)

• **Grading Base-** Returns value in Achievement % if value less than 100, else returns the value 100

(eg. If Achievement % is 200%, Value returned in Grading Base will be 100; If Achievement % is 70%, Value returned in Grading Base will be 70)

• **Bonus Points** - Extra Points awarded for scenarios where the Achievement % is higher than 100

(eg. If Achievement % is higher than 200%, Bonus point of 15 is awarded, If Achievement % is higher than 150%, Bonus point of 10 is awarded, if Achievement % is higher than 100%, Bonus Points of 5 is awarded)

• Score- Calculates the Total score earned by each parameter

(Grading Base + Bonus Points)

l. Number of entrepreneurs availing paid services

Details to be filled by the assessor (Source of data provided in brackets) are:

• Numbers Facilitated- Enter number of entrepreneurs paying for BRC services

Details which are auto-calculated are (formulas given in brackets)

• Achievement %- Calculates the number entrepreneurs paying for services against the total number of enterprises grounded

(eg. Number of entrepreneurs paying for BRC services/Total enterprises grounded X 100)

• **Grading Base-** Compares the achievement % of parameter against the best performer in that parameter

(eg. Achievement % of entrepreneurs paying for BRC services/Achievement % of the Best Performer X 100)

• **Bonus Points** - Extra Points awarded for scenarios where the Achievement % is higher than 100

(eg. If Achievement % is higher than 200%, Bonus point of 15 is awarded, If Achievement % is higher than 150%, Bonus point of 10 is awarded, if Achievement % is higher than 100%, Bonus Points of 5 is awarded)

• Score- Calculates the Total score earned by each parameter

(Grading Base + Bonus Points)

CE F

CEF Sheet contains 1 table which collects information related to CEF applications, received, approved and disbursed along with repayment details.

- a. No: of eligible CEF loan requests
- b. No: of CEF approved
- c. No: of CEF disbursed

Details to be collected by assessor (Source provided in brackets):

• Month wise numbers of each parameter (CEF Register, Loan Tracker, BRC Accounts book, BRC Passbook)

Details which are auto calculated (formulas given in brackets)

- Total- Sum total of values entered for all months
- % of Loans Disbursed- Compared the number of loans disbursed against the number of loans approved

(eg. No: of Loan disbursed/No: of loans approved X 100)

- d. CEF Amount disbursed
- e. Planned loan disbursals
- f. Loan principal to be received
- g. Interest to be received

h. Loan principle received during

month i. Loan interest received

during month

j. Non-Performing Assets (Bad debts for more than 90 days)

Details to be collected by assessor

• Enter month wise details for each parameter (CEF Register, Loan Tracker, BRC Accounts book, BRC Passbook)

Details which are auto-calculated (formulas given in brackets)

- Total- Sum Total of values entered for all months
- **Recovery Rate-** Compared total of repayment received against total repayment supposed to be received at BRC (eg. (Loan Principle Received + Loan Interest Received / Loan Principle to be received + Loan interest to be received) X 100)
- % of NPA- Compares Total NPA against total CEF disbursed (eg. NPA/CEF amount

disbursed X 100)

- Score-
 - % Loan Disbursed- provides scores to the highest % of Loans Disbursed- if loan disbursed is 100%, score is 20; if loan disbursed is →=90%, score is 15; if loan disbursed is →=80%, score is 10; if loan disbursed is →=70%, score is 5; all below this is scored 0
 - o Recovery Rate- provides scores to the highest % of Recovery- if Recovery is 100%, score is 20; if Recovery is \rightarrow =90%, score is 15; if Recovery is \rightarrow =80%, score is 10; if Recovery is \rightarrow =70%, score is 5; all below this is scored 0
 - % NPA- provides scores to the Lowest % of NPA- if NPA is 0, score is 20; if NPA is ←=5 score is 15; if NPA is ←=10, score is 10; if NPA is ←=15, score is 5; all above this is scored 0

Engagement with Stakeholders

Contains Table to collect information with regard to Meeting conducted, participation in the meetings, community engagement and Interest sharing among CBOs.

- a. BEPC Meeting
- b. PAC Meeting
- c. CRP-EP Meeting
- d. Community Monitoring

Details to be collected by assessor (Source provided in brackets):

- Month wise number of meetings or visits (planned and actual) along with participants
- (expected and actual)- (Source: Minutes Book, Attendance Register)
- Enter number of reports required and actual number of reports submitted in the same of Community Monitoring (Record of reports collected in BRC)

Details which are auto-calculated (formulas given in brackets)

- Achievement- Average Number of Meetings conducted and Average Participants calculated (eg. Average of Number of CRP-EP Meetings)
- Score- Compares the actual average numbers against the planned average (eg. Actual Average number of meetings conducted/Planned average number of meetings X 100)
- **Bonus-** Extra Points awarded for scenarios where the Score is higher than 100

(eg. If Achievement % is higher than 200%, Bonus point of 15 is awarded, If Achievement % is higher than 150%, Bonus point of 10 is awarded, if Achievement % is higher than 100%, Bonus Points of 5 is awarded)

e. Dedicated BPM-SVEP Available (Yes/No)

Details to be collected by assessor (Source provided in brackets):

• Enter Yes or No answers into the cells to indicate whether or not a BPM-SVEP was appointed by the SRLM (Minutes Book)

Details which are auto-calculated (formulas given in brackets)

- Achievement- Takes count of the months when BPM was present
- **Score** Allots 10 points in cases where BPM was present for all 12 months and 0 for all other instances
- f. Amount of Interest shared with SHG
- g. Amount of Interest shared with VO
- h. Amount of Interest shared with CLF
- i. Amount of Interest received by BRC

Details to be collected by assessor (Source provided in brackets):

• Enter month wise details of Interest eligible to be shared and actual amount of interest shared in the case of SHG, VO and CLF. Enter details of interest to be received by BRC per month and actual amount received in the case of BRC (Cash book/BRC Ledger/BRC Passbook)

Details which are auto-calculated (formulas given in brackets)

- Achievement- Calculates the interest shared/received against the interest eligible to be shared/received *(eg. Sum of Interest shared to SHG/Amount of interest eligible to be shared to SHG X 100)*
- Score Provides higher score to higher achievement if Achievement is 100%, score is 20; if Achievement is →=90%, score is 15; if Achievement is →=80%, score is 10; if Achievement is →=70%, score is 5; all below this is scored 0
- 3. BRC Set-up

Collects details of basic requirements under BEPC, CRP-EP Group and BRC Office set up

Details to be collected by assessor:

• Provide Yes or No answers to the following questions based on observations, communication with the BRC stakeholders.

Details auto-calculated

• Yes is allotted 1 score and No 0. Total of all Yes provides the total score for the section

Table below provides possible sources for data to be collected in this section:

BEPC / BRC-MC

Is BEPC committee formed?

Is the committee aware of its duties and functions?

Does BEPC meetings happen regularly every month with representation from all CLFs?

Is BEPC recording minutes of all meeting decisions with signatures from all members?

Is BEPC committee engaging in action plan of CRP-EP group?

Is BEPC committee regularly paying CRP-EP group for services rendered as per cost norms?

Is BEPC verifying work report of CRP-EP group against action plan before releasing payment?

Is BEPC able to make decisions without support from Mentor, BPM-SVEP?

Is BEPC committee able to understand business plans to the extent to take decision on CEF / Bank loan?

Are SHG-VO-CLF levels engaging in identification of entrepreneurs and monitoring of enterprises?

Is nodal CLF performing financial transactions on behalf of BEPC without delay?

Is bookkeeper appointed at nodal CLF and trained?

Is proper records related to BEPC functioning maintained at BRC?

Does BEPC know how much repayment from CEF loans is due every month?

Is BEPC able to identify defaulters and pressure SHGs to ensure repayment?

CRP-EP group

Does the BRC has sufficient no of CRPs-EP selected, trained and active on field?

Does all CRPs-EP in the BRC hold necessary skill set required under SVEP after training?

Is the CRP-EP group able to manage work division in the group?

Is Mentor able to clear doubts regarding nature of service to CRPs-EP?

Does the CRP-EP group have a business plan?

Is CRP-EP group earning revenue from SVEP as per business plan?

Is CRP-EP group able to provide all services expected from BRC to entrepreneurs?

Is CRP-EP group getting paid as per SVEP guidelines by entrepreneurs? (for business plan, market linkage, etc.) Is CRP-EP group submitting records for service provided to the BEPC?

Is CRP-EP group following a plan for ensuring saturation of SHG network in 4 years during mobilisation?

BRC Setup

Is office space with good connectivity available exclusively for BRC in the block?

Are all assets required for BRC purchased?

ST		

Section I- BRC Services:

Observations/Comments (Sub-Section wise) - Provide explanation/note for instances where scores are higher or lower than general average

Include administrative or State level issues or initiatives that has helped or damaged project/process

New Initiatives Taken (Sub Section wise)

Section II- CEF

Observations/Comments (Section and Sub-Section wise) - Provide explanation/note for instances where scores are higher or lower than general average

Include administrative or State level issues or initiatives that has helped or damaged project/process

New Initiatives Taken (Section and Sub Section wise)

Section III- Engagement with Stakeholders

Observations/Comments (Section and Sub-Section wise)- Provide explanation/note for instances where scores are higher or lower than general average

Include administrative or State level issues or initiatives that has helped or damaged project/process

New Initiatives Taken (Section and Sub Section wise)

Section IV- BRC Set up

Observations/Comments (Section and Sub-Section wise)- Provide explanation/note for instances where scores are higher or lower than general average

Include administrative or State level issues or initiatives that has helped or damaged project/process

New Initiatives Taken (Section and Sub Section wise)

28	Ability to monitor the quality of the services offered to entrepreneur by CRP-EP group				
	YEAR 4				
29	BRC develops as an active and self-sustained one stop hub for all non-farm livelihood promotion needs for the CBO in the block				

СВО

S. No	Expected Outcome	Month in which the activity was completed	Present Status/Requirement
		YEAR 1	
1	Participate in finalising the VOs for preparation of Phasing plan and joint action plan for CRP-EP group		
2	Participate in ensuring the selection of Volunteers at VO level		
3	Involves in keeping the follow-up on SVEP as an agenda being discussed in VO/SHG meetings		
4	Participate in completion of VO volunteers training and DCB preparation workshop		
5	Follow up on the work of Volunteers of VO		

		YEAR 2	
6	Active participation of CBO members in organising festival/weekly haats		
7	SVEP as an regular agenda being discussed in the CBO meetings		
8	Active support by CBO member for field level monitoring of the services that are provided by CRP- EP		
		YEAR 3	
9	Provide support for enterprise monitoring in the field (Physical verification of enterprises, check on the quality of services that are being provided to entrepreneur)		
10	Provide support in identification of entrepreneurs and their requirement (in terms of skill training, orientations etc.)		
11	Provide support in conducting entrepreneur meetings, trainings etc.		
12	Provide support to BEPC members for interest sharing		
13	Provide support to BEPC in taking the ownership of		

	market develop under BRC		
14	Provide support in making SVEP as a regular agenda and loan repayment process		
15	Develop understanding about their role in each of the activities undertaken in SVEP		
		YEAR 4	
16	CBO indulges in the bottom-up monitoring of the project and a smooth repayment mechanism is established		
17			

BMMU Engagement

S. No	Expected Outcome	Month in which the activity was completed	Present Status/Requirement
		YEAR 1	
1	Clarity among BMMU/SRLM about SVEP and BEPC structure		
2	Participation of BMMU/SRLM in the BEPC meeting		
3	Participation of BMMU/SRLM for Inter-se agreement, Bank Account		

	opening and fund requisition letter preparation	
4	BMMU ensure participation and logistical support for any training (entrepreneur, CBO, skill etc.)	
5	Clarity about the Fund Heads under SVEP among the BMMU members	
6	Clarity about the work flow and process among the BMMU members	
7	BMMU/SRLM ensures CBO involvement for SVEP	
8	Participate in ensuring the track of CEF	
9	Ensure the DCB is reaching the CBO on time	
10	Arrange and discuss about the meetings with Banks	
11	Active participation from BMMU for opening weekly/monthly	
12	Smooth repayment process in place	

BRC Setup

S. No	Expected Outcome	Month in which the activity was completed	Present Status/Requirement	
		YEAR 1		

1	Block has space for BRC with all the required formalities in place (agreement etc.)	
2	BRC has all the assets procured	
3	Block has a BRC running as a one stop facility centre for the entrepreneurs (has data about raw material/machinery, wholesale market etc.)	

Annexure 10.1 Guide to Prepare Case Study

Journey of an entrepreneur or an enterprise can be captured through case studies or short stories. It should focus on how the life of the person has changed because of the enterprise. The impact it has created on the socio-economic life of the entrepreneur's family.

Refer to the below mentioned guideline for capturing case studies or short stories

Full name of Entrepreneur:

Age: Name of SHG: Name of SHG member *(in case entrepreneur is not a SHG member):* Village: Block: District:

Nature of business:

Family and location background of Entrepreneur:

It should cover details on family size, what do her family members do for a livelihood? Personal background of entrepreneur? Her life before marriage, her education and family. Her current lifestyle. Does the entrepreneur's family have a traditional business/livelihood? Do they follow it?

A bit of context on the village/locality where the entrepreneur lives/owns a business. What is the major economic activity there? Is it near/away from the highway or any other important landmark? Did this trigger any ideas for the entrepreneur?

Why did she decide to become an entrepreneur?

This section should cover her current socio-economic background. Overall situation of her family, their income, existing prospects of livelihood and why did she decide to become an entrepreneur? Highlight a specific incident (if any) entrepreneur can relate to which convinced her to do this.

How did she become an entrepreneur?

This section should come in flow with the previous one. It should capture her story of deciding to run an enterprise.

In what ways did the BRC provide support? (Orientation, Triggering, Trainings) The role of CRP-EP should be highlighted – (business plan, viability check, monthly reports, follow up) Role of SHG network in supporting the upcoming entrepreneur – (credit check, BEPC) Support received from her family to start the business

Information on Enterprise

Name o	Name of the shop:								
Nature	Nature of business:								
Amount	Amount invested in starting the shop (Own/SHG/Bank linkage):								
Date of	Date of starting the enterprise:								
Monthly	revenue:								
Monthly	income:								
Monthly	profit:								
Any sub	sequent inv	vestments ma	de:						
Records maintained by her:									
Skill	training	received	(apart	from	GOT	and	EDP,	if	any):

Challenges

Challenges faced by her in starting the enterprise and while running it. How did she overcome those challenges?

Impact

Changes after running a business: life at home, support from family, life outside household work, responsibility of handling a business, changes in her and her family's lifestyle. Her thoughts on herself as an 'entrepreneur?'

Entrepreneur's plan for her business

This should cover her business expansion plans, any further support required by entrepreneur. Her aspirations and what are her expectations for her family.

Points to note:

This is a broad outline to be followed while writing the story. All the sub-points mentioned under each head should be followed. Furthermore, quotes from entrepreneurs should be taken under each head. The writer has the liberty to mould the story in anyway desirable but it should be ensured that the story being written is able to tell entrepreneur's life, her business, challenges, social-economic-cultural impact and her aspirations. Moreover, the objective of the story should not be diluted.

Photographs: Individual Portrait of Entrepreneur and one with Enterprise.

Photographs should be captioned with the following-

Entrepreneur's name and name of the Enterprise Date, time and location of the photo taken A brief quote from the

person

Annexure 10.2 Guide to Prepare Weekly Market or Festival Market Reports

Marketing Support is one of the services given to the entrepreneurs by the BRC-EP through the CRPs-EP. And out of all the marketing support, promotion of weekly haat or festival bazaar are the most popular when it comes to generating revenue in a short period of time. It is important for the BRC-EP to document such interventions in terms of its strategy, the revenue it created, the kind of mobilization done to replicate such interventions in the future as well.

Refer to the below mentioned guide to capture details of weekly or festival market promoted in the block

No of Haats/Fairs/Markets initiated No. of Entrepreneurs (SHG and Non-SHG) Types of enterprises Total Revenue Generated Average Revenue earned in each haat Date and duration of Haats/Fairs/Markets organized Footfall Frequency of haat initiated No. of Entrepreneurs (SHG and Non-SHG) Types of enterprises

Annexure 10.3 Guide to prepare testimonials

Learnings from the field should be captured as testimonials from CRPs-EP, BEPC members, and entrepreneurs. It is good if along with the testimonial, a photograph of the concerned person is also taken. Some of the topics to capture testimonials are SVEP as platform for promoting rural entrepreneurship, impact on CBO leaders or the community network, the change in the life of the entrepreneur because of the support received from the project, CRPs-EP experience in piloting some new activity, and the learnings garnered from the same.
